Table of Contents

<i>Procedure</i>	<i>Number</i>
DURABLE MEDICAL EQUIPMENT	
 Apnea Monitor.....	DME-100
Enteral Pumps	DME-300
Infusion Pumps	DME-310
Home Mechanical Ventilation	DME-400
Nebulizer (Aerosol Therapy)	DME-500
Care and Maintenance of Hand Held Nebulizer	DME-501
Oxygen	DME-600
Phototherapy.....	DME-700
IV PLACEMENT, MAINTENANCE & CARES	
Central Line Catheter – Administration of IVP Medication	IV-100
Central Line Catheter – Administration of Hydration Fluid	IV-101
Central Line Catheter – Administration of TPN/IL,	IV-102
Central Line Catheter – Blood Draw	see LP-100
Central Line Catheter Cap Change	IV-103
Central Line Catheter Dressing Change	IV-104
Central Line Catheter Heparinization	IV-105
Central Line Catheter Repair – Permanent	IV-106
Central Line Catheter Repair – Temporary	IV-107
Central Line Catheter – Site and Line Culture	IV-108
Central Line Catheter – Use of Urokinase	IV-109
Extravasation – Treatment/Documentation	IV-200
Implanted VAD – Administration of IV Hydration	IV-300
Implanted VAD – Administration of IVP Medication	IV-301
Implanted VAD – Administration of TPN/IL.....	IV-302
Implanted VAD – Blood Draw	see LP-105
Implanted VAD – Catheter Care and Maintenance	IV-303
Implanted VAD – Heparinization	IV-304
Implanted VAD – Insertion of Huber Needle	IV-305

IV PLACEMENT, MAINTENANCE & CARES (continued)

Implanted VAD – Removal of Huber Needle	IV-306
Implanted VAD – Site and Line Culture	IV-307
Peripheral IV – Access and Insertion	IV-400
Peripheral IV – Administration of IVP Medication	IV-401
Peripheral IV – Administration of IV Hydration.....	IV-402
Peripheral IV – Blood Draw	see LP-106
Peripheral IV – Discontinuation	IV-403
Peripheral IV – Heparinization	IV-404
Peritoneal Dialysis Catheter – Exit Site Cleaning & Dressing Change.....	IV-500
Peritoneal Dialysis Catheter – Exit Site Culture Procedure	IV-501
PICC Line – Administration of IVP Medication	IV-600
PICC Line – Administration of IV Hydration	IV-601
PICC Line – Administration of IV TPN/IL	IV-602
PICC Line – Lab Draw	see LP-107
PICC Line – Cap Change	IV-603
PICC Line – Dressing Change	IV-604
PICC Line – Heparinization	IV-605
PICC Line – Insertion	IV-606
PICC Line – Repair (Temporary)	IV-607
PICC Line – Removal	IV-608
PICC Line – Site and Line Culture	IV-609
PICC Line – Use of Urokinase	IV-610

ENTERAL THERAPY

Enteral Pumps	see DME-300
Gastrostomy Care Procedure.....	ET-100
Gastrostomy Button Replacement.....	ET-101
Gastrostomy Tube Replacement.....	ET-102
Continuous Drip Feeding Utilizing Infusion Pump via Gastrostomy/Jejunostomy/Long-Term Feeding.....	see DME 300
Administration of Tube Feeding – Bolus, Bag Method Procedure.....	ET-103
Administration of Tube Feeding – Bolus Syringe Method Procedure.....	ET-104
Administration of Medications through Nasogastric, Gastrostomy or Jejunostomy Feeding Tube	ET-105
Assessment of Gastric Residual Procedure	ET-106

ENTERAL THERAPY (continued)

Gavage Feeding – Intermittent Feeding via Orally/Nasally Placed
Gavage TubeET-200

Jejunostomy Care Procedure.....ET-300

Nasogastric Feeding Tube Placement Verification Procedure.....ET-400
